Dallas Tx. 75229**

## This 48 Hour course includes

The **Medical Compliance Specialist - Physician (MCS-P) Certification Course** is an in-depth examination of regulatory compliance issues associated with a physician's practice environment.

You will acquire leading edge credentials plus the tools and insights necessary for one of the most in-demand skill-sets in the medical field today: **a strategic understanding of compliance issues plus the tactical ability to create and maintain a comprehensive compliance program for all specialties and any size clinical environment.**

As Government regulations within the healthcare community increase, so does the need for talented people with a clear understanding of the laws and regulations, which influence decisions and guide the daily operation of a medical practice.

**PLUS 8 extra hours of Chiropractic**
